

NHS Providers' strategic triangle

Our vision and mission describe our aims for the organisation.

Our four-year strategy describes how we will respond to the external environment in support of members with a focus on NHS reputation, trusts in systems and addressing inequalities.

Our strategic objectives

Our four strategic objectives help organise our work and stand for the medium to long term.

Our priorities in 2024/25

Supporting improvement, development and peer learning

Engaging members in all sectors

Supporting trusts and collaboration in systems

Our *immediate priorities* for members this year, underpinned by our influencing priorities.

Tackling finances, productivity and workforce pressures

Informing NHS debate in an election year

Our values

Our principles and behaviours – the way we agree to work together.
Our anti-racism statement and race equality action plan set out how we aim to tackle race inequality.
